

# Ania Arian Ali

INFORMATION TECHNOLOGY STUDENT | JUNIOR WEB DEVELOPER

Sulaymaniyah, Iraq | +964 772 529 5214 | [aniaarian25@gmail.com](mailto:aniaarian25@gmail.com)

## Objective

---

Information Technology student and junior web developer with hands-on experience building a Laravel-based backend API project. Familiar with authentication, role-based access control, CRUD operations, database design, and API testing using Postman. Comfortable with PHP, Laravel, MySQL, JavaScript, HTML, and CSS. Seeking an internship opportunity to improve my practical development skills and contribute to real-world software projects.

## Education

---

### Polytechnic University – Computer Science

Bachelor's degree in Information Technology — 3rd Year

Sulaymaniyah, Iraq.

## Training & Certificates

---

### Youth Capacity Training Program

STEP Youth Organization / CDC — September–October 2024

- Completed a 22-hour youth capacity training program focused on leadership, communication skills, team building, time management, advocacy/action planning, CV writing, and interview techniques.
- Developed practical soft skills useful for teamwork, professional communication, and internship preparation

### Cyber Security Fundamentals Workshop

Sulaimani Polytechnic University – CDC Center — August 2024

- Completed a three-day workshop on cyber security fundamentals, psychological and social aspects of cybercrime, and legal frameworks for combating cybercrime.
- Gained basic awareness of online safety, cyber threats, and responsible digital behavior.

### Empower Women in ICT and Cybersecurity Training

Meridian / Sulaimani Polytechnic University — October 2024

- Participated in an 18-hour ICT and cybersecurity training course focused on empowering women in technology.
- Demonstrated active participation, engagement, and practical learning during the training preparation

## Experience

---

### BIC API – Laravel Backend Project - Company-Based Software Project

- Built a backend API using Laravel for managing users, businesses, posts, likes, and comments.
- Implemented user authentication features including register, login, logout, and current user profile.
- Used Laravel Sanctum for API authentication and protected routes.
- Added basic role-based access control for admin and normal users.
- Created CRUD functionality for users, businesses, and posts.
- Designed database tables and relationships using MySQL.
- Tested API endpoints using Postman.
- Practiced clean route organization, controller logic, request validation, and password hashing.

## Project

---

### Laravel CRUD Item Management System

Beginner-level Laravel project for managing items with Create, Read, Update, and Delete functionality. The system also shows which admin posted each item.

**Technologies:** Laravel, PHP, MySQL, HTML, CSS | Role: Full project development

### Laravel E-commerce Practice Project

Laravel project that includes user authentication, protected routes, and basic cart functionality. Users can log in, access specific routes, and add items to the cart.

**Technologies:** Laravel, PHP, MySQL, HTML, CSS | Role: Full project development

### Java Bakery Management System

Simple bakery management system using Java to practice programming logic, object-oriented programming, and basic system design.

**Technologies:** Java | Role: Full project development

### C# Simple Application Project

Simple C# application focused on basic forms, CRUD operations, login/security, and displaying items.

**Technologies:** C# | Role: Full project development

## Technical Skills

---

- Programming Languages: PHP, JavaScript, C#, Java, Python basics
- Web Development: HTML, CSS, Bootstrap basics, Laravel, WordPress
- Backend Development: REST APIs, CRUD operations, authentication, middleware, validation
- Databases: MySQL, SQL Server
- Tools: Postman, Git / GitHub basics, VS Code, XAMPP / local development tools
- Other Knowledge: Object-Oriented Programming, data structures basics, password security, login systems, AI-assisted learning

## Soft Skills

---

- Problem solving
- Teamwork
- Communication
- Time management
- Willingness to learn
- Attention to detail
- Adaptability

## Languages

---

- Kurdish: Native
- English: Basic - Intermediate
